

Wanborough Survey of Sir John Darell's lands

The first page heading

A Book of Survey of the Common Fields of the Lordship of Wanborough in County Wilts wherein is set down how every man lyeth in every particular furlong and what they lyeth for ... and also what every particular acreage into statute measure what part of the Manor of Sir John Darell (Baronet) and the first of the name of the field being next the town. On the east.

Back Pages: Note the figures on the left margin doth express the quantity of every particular according as it lyeth by computation and the three rows of figures on the right hand doth express the quantity by statute measure of each particular, and at the end of every field both by computation and statute measure with their number of after.

To John Waine officer of Excise at Rockington near Frome Somerset on way of London

Note: Darell was created a Baronet in 1622 and he's described as from West Woodhay, Berks and he sold his Wanborough Manor to Sir Humphrey Forster in 1628. So the survey must have been done between those years and likely brought about by the sale to Forster.
